Gross margin was at 68.3%, rising by 80 bps over the same quarter in the preceding year, and by 60 bps over Q1 FY26. Standalone Earnings before interest, tax, depreciation and amortization (EBITDA) for the quarter was at Rs 813 million, growing by 16.3% year-on-year. Restaurant Count for Burger King India stood at 533 with a net addition of 14 stores during the quarter.

Mr. Rajeev Varman, Whole-time Director and Group Chief Executive Officer of RBA commented, " Our same-store sales for Burger King in India was up by 2.8% this quarter along with a healthy increase in gross margins. We witnessed a positive traffic growth in both the dine-in and delivery channels. This is an outcome of our relentless focus on exceeding guest expectations through compelling value offerings, menu innovations and technology investments. Gross margin expansion was on the back of on-going supply chain and distribution efficiencies. The GST reforms introduced by the Government from September 22, 2025, coupled with a benign inflation outlook, augur well for boosting consumer sentiment. With positive momentum, we remain confident of our overall growth going into the second half of the year."
